<b>General</b>	City of Paso Robles	Include a policy reference to the City's Purple Belt program	<b>Add new</b> Policy OS 4.14 – Cooperation with cities: <u>"The County shall cooperate with cities that have established "greenbelt" or similar programs, such as the City of San Luis Obispo's greenbelt program and the City of Paso Robles' "purple belt" program."</u>
<b>Pg 7.16 OS 1.8</b>	Upper Salinas-Las Tablas RCD	Add an IS to require Low Impact Development (LID) design principles.	Water Resources Policy 4.7 requires the use of LID practices in all discretionary and land division projects
<b>Pg 7.20 IS 2.3.1</b>	Upper Salinas-Las Tablas RCD	Add an IS to identify RCD as the primary review agency and to identify State Water Board grazing BMPs	The IS includes mention of RCDs and BMPs.
<b>Pg 7.20 Policy 2.4</b>	David Broadwater	Revise Policy and IS to reflect current policy on bio-solids on OS lands	<b>Revise</b> Policy 2.4 and IS 2.4.1: Policy OS 2.4 Disposal of bio-solids on open space lands The County should prohibit disposal of bio-solids on open space lands. <del>until such time, after careful evaluation, in conjunction with state and federal agencies and local organizations, it is determined that such disposal is safe and appropriate. (OSP 6 revised)</del> <del>Implementation Strategy OS 2.4.1 Use of bio-solids on open space lands</del> <del>The Board of Supervisors should ask the Environmental Health Department and the County Parks Department, with public participation and input, to develop recommendations as to whether and under what circumstances bio-solids can be used on open space lands (OSP 6 revised)</del>
<b>Pg 7.20 IS 2.5.1</b>	Upper Salinas-Las Tablas RCD	Add an IS to identify RCDs as an implementing agency.	RCDs are identified in the IS.
<b>Pg 7.21 Policy 2.8</b>	County Parks	Revise policy:  b. Provide a <del>significant</del> recreation/education experience for visitors throughout the county. (OSP 21) c. Provide an <del>appropriate</del> interpretive program that will increase public understanding and appreciation of the <del>significant</del> natural and cultural resources of the site. (OSP 21) d. Provide <del>managed</del> public access that <del>emphasizes enjoyment that</del> is compatible with the site's natural resources <u>and adjacent private lands</u> e. Manage Natural Area Preserves in a manner that is compatible with <u>the site's resources</u> , adjoining ecosystems, and	Agree. <b>Revise</b> policy per comment: b. Provide a <del>significant</del> recreation/education experience for visitors throughout the county. (OSP 21) c. Provide an <del>appropriate</del> interpretive program that will increase public understanding and appreciation of the <del>significant</del> natural and cultural resources of the site. (OSP 21) d. Provide <del>managed</del> public access that <del>emphasizes enjoyment that</del> is compatible with the site's natural resources <u>and adjacent private lands</u> e. Manage Natural Area Preserves in a manner that is compatible with <u>the site's resources</u> , adjoining ecosystems, and adjacent agricultural uses

		adjacent agricultural uses	
<b>Pg 7.22 Policy 2.8</b>	Upper Salinas-Las Tablas RCD	Revise policy to include RCDs and NRCS.	The policy is not included in the Public Hearing Draft (it was in the prior Public Review Draft).
<b>Pg 7.22 IS 2.10.1</b>	Upper Salinas-Las Tablas RCD	Add an IS to make it illegal to drive OHV's in any blue line stream (on public lands).	The existing IS adequately addresses this issue by encouraging the prohibition of off-highway vehicles where it would result in damage to sensitive resources.
